Loop

TASK & MEETING CHAIRS

The Loop chair is characterised by sharp, clean lines, well-balance proportions and functionality. The main concept is a combination of breathable mesh backrest and a soft upholstered lumbar pad presented in a new and innovative way. This combination not only creates an ergonomically pleasing and extremely comfortable seating experience, but also expounds the uniquely modern styling design of the chair. Refined lines, soft curves and an elegant silhouette all make 'Loop' a perfect addition to any modern environment.

Please refer to the price and specification guide for all available options.
