Vice Versa Mesh

MULTI-PURPOSE SEATING

Vice Versa Mesh

MULTI-PURPOSE SEATING

Designed by Alberto Basaglia and Natalia Rota Nodari, this product features a patented interlocking system allowing the product to be assembled without screws, keeping costs to a minimum. Vice Versa Mesh offers a range of options including a polypropylene or upholstered seat with a mesh backrest available in three colours. The frame is available in chrome, silver, black, black graphite, white or our new colour options with the ability to stack up to 40 high, making it perfect for an area that requires space saving solutions.

Please refer to the price and specification guide for all available options.
