### MULTI-WORKSTATION

Front view

Side view

Single desk

### Single desk leg

Metal legs composed of 3 sections, cross-section 70 x 70 mm, lacquered epoxy finish. Electrically height-adjustable desks from H 65 to H 130 cm.

### Electrification

Top fitted with 2 Ø 80 mm cable ports, a single Top Access hatch or a 2 cm deep scallop, depending on version.

### Top

25 mm thick Structorex® melamine-coated desk tops, protected by 2 mm thick. Height-adjustable from H 65 to H 130 cm.

Motorised height adjustment system, with up & down control unit and 4 programmable positions.

### Electrification

Telescopic metal tray (with cover).

### Multi-workstation

### Multi-workstation leg

Metal legs composed of 3 sections, cross-section 80 x 50 mm, lacquered epoxy finish. Electrically height-adjustable desks from H 65 to H 130 cm.

Furniture in compliance with standards NF EN 527-1/-2/-3, NF EN 14074, NFD 62042, ISO 9241-5, XPD 60050 - M2 fire classification - 5-year warranty.

## Tops

- Structurex® - Melamine-coated particle board, 25 mm thick, high density 650 kg/m<sup>3</sup> (+/- 5 %), 2 decorative sides counterbalanced with anti-reflection treatment.
- 2 mm thick shock-proof ABS straight edging, radiused and matching the top finishes.
- Metal inserts for improved tear resistance and easier assembly.
- **3 cable management versions :**

**Cable ports :** Tops D 80 cm fitted with cable ports (Ø 80 mm) finishes matching the leg finishes.

**Top Access :** Tops D 80 cm fitted with single opening Top Access hatch (internal dimensions L 309 x D 116 mm), centred and positioned 50 mm from the outer edge of the top. Aluminium, black or white finishes matching the leg finishes. Optional cable trays.

**Scalloped edge :** Tops D 80 cm with groove (internal lengths : L 50 cm for L 120 cm tops, L 70 cm for L 140 cm tops, L 90 cm for L 160 cm tops, L 110 cm for L 180 cm tops / D 20 mm).

- In multi-workstation version with back-to-back tops, a 30 mm gap is provided between the tops to feed cables or install a space divider.

- 100 % PEFC tops from sustainably managed forests.
- E1 certification in compliance with standard NF EN-717-2.
- M2 fire classification.

## Legs

- Telescopic metal structures (single or multi-workstation versions) with legs composed of 3 sections, made of square 70 x 70 mm (single) or rectangular 50 x 80 mm (multi-workstation) steel tubing.

- Electrically height-adjustable (from H65 to H130 cm) tops.

- For multi-workstation desks, telescopic metal cable tray (with cover) included in central position.

- Motorised height-adjustment system (**drive unit built into each leg**), with up & down control unit and 4 programmable positions.
- Anti-collision safety device with gyroscopic sensor, built into the drive unit.
- Displacement speed 40 mm/s. Sound level 38 decibel. 20 000 cycles over 5 years. 800 N push force.
- Maximum load 120 kg per top.
- 100 - 240 V and 50 - 60 KHz power supply unit. 2 m power supply cable. Standby consumption of 0,1 W/h.
- Finishes available : aluminium (RAL 9006) – white (RAL 9010) – black (RAL 9005)
- Adjustable screw feet (Ø 58 mm), stroke 10 mm, mounted on metal thread
- Attachment clips for built-in space dividers (multi-workstations).

## Barrel meeting table

- Structurex® - Melamine-coated particle board, 25 mm thick, high density 650 kg/m<sup>3</sup> (+/-5 %), 2 decorative sides counterbalanced with anti-reflection treatment.
- 2 mm thick shock-proof ABS straight edging, radiused and matching the top finishes.
- Metal inserts for improved tear resistance and easier assembly.
- Dimensions : L 200 x D 100 cm.
- Top fitted with 2 part-drilled cable ports under the top for cable management. Cable port power module on option.
- Metal structure, made of square 70 x 70 mm with electrically height-adjustable legs composed of 3 sections, connected by a telescopic beam, available in aluminium (RAL 9006) – white (RAL 9010) – black (RAL 9005) finishes, matching to the leg finishes. Height-adjustable top from H 65 to H 130 cm.

## Cable management

### • Tops :

**Cable ports :** Tops D 80 cm fitted with cable ports (Ø 80 mm) finishes matching the leg finishes.

**Top Access :** Tops D 80 cm fitted with single opening Top Access hatch (internal dimensions L 309 x D 116 mm), centred and positioned 50 mm from the outer edge of the top. Aluminium, black or white finishes matching the leg finishes. Optional cable trays.

**Scalloped edge :** Tops D 80 cm with groove (internal lengths : L 50 cm for L 120 cm tops, L 70 cm for L 140 cm tops, L 90 cm for L 160 cm tops, L 110 cm for L 180 cm tops / D 20 mm).

### • Structures :

- Horizontal cable management as standard option inside the telescopic metal cable tray (with cover) included in central position (multi-workstation desks).

### • Metal cable tray :

#### ► Universal cable tray :

- Optional sheet steel metal cable tray.
- For single desks (**compatible with the optional fabric acoustic screen panel**).
- Attachment by wood screws under the top.
- Cable tray D 120 x H 90 x L 600 mm (under the top). Internal height : 80 mm.
- Aluminum, white or black finishes.

#### ► Single cable tray :

- Optional cable tray (1,2 mm thick sheet steel)
- For multi-workstation desks L 120 > L 180 cm, complementary to the structural metal tray, to accommodate large numbers of cables.
- Attachment by wood screws under the top.
- Cable tray D 160 x H 80 mm (under the top). Internal dimensions : D 135 x H 40 mm
- Internal lengths : L 90 for L 120 cm desk, L 110 for L 140 cm desk, L 130 for L 160 cm desk, L 150 for L 180 cm desk.
- Aluminum, white or black finishes.

### • Extendable spine cable channel :

- White or black ABS extendable spine cable channel.
- Dimensions : Ø 9 cm / Extendable height adapted to the desk, with up to 1,5 m.
- To be fixed by wood screws under top.
- Weighted base to remain on the ground when adjusting the desk.

## [ Options ]

- **Fabric acoustic screen panels :**

- The fabric screens comprise 1 x 19 mm thick Structurex® melamine coated panels with rounded corners (radius 30 mm) covered with foam sound-absorbing melamine, 25 mm thick.
- Screens covered in Step Melange fabric, 100% Trevira CS, M1 fire resistance panel, certified Oeko-Tex.
- 4 sizes of fabric front dividers : L 120 / L 140 / L 160 / L 180 cm x H 70 cm.
- Metal fixing clamps available in aluminium finish for single desks, and matching the desk leg finishes for multi-workstation desks.

Screen panel – single desk

Screen panel – multi-workstation desks

- **Plexiglass topper for fabric screen :**

- H 30 cm toppers in transparent 6 mm thick plexiglass with round corners.
- Metal fixing clamps perfectly suited for positioning on top of our fabric screens.
- Total height of fabric screen and screen topper : 100 cm.
