CIAO

CIAO: *CLEAN & FUNCTIONAL DESIGN*

A form of greeting, kind, friendly, once common especially in Italy, but now in international use. This term has Venetian origin and means... **“at your service”**.

All of us, we work to improve people's lives. We work in service. Ciao is in service. It is suitable for any place, collective space, office, waiting, restaurant, home. Ciao is an international term and speaks all the languages of the world.

Born from the pursuit of essential design, this chair combines lightness and sturdiness in a clean and functional design. Each component has been studied to optimize materials and reduce waste, without compromising strength.

The result is a versatile and comfortable seat, suitable for any environment. The use of recyclable materials and sustainable production processes make it an eco-friendly choice. It is equipped with an innovative backrest assembly system. The stacking system also makes it practical to transport and store.

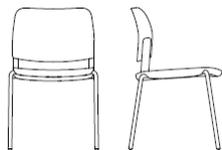

In short, this chair represents the perfect balance between aesthetics, functionality, and respect for the environment.

POLICY

Pledge manufacture in the United Kingdom and is a true manufacturer producing wooden, steel and upholstered products at our site in Leighton Buzzard.

We are committed to the efficient use of energy and continually review our processes to reduce environmental impact, seeking to utilise technologies which minimise energy and material consumption in our products and services.

OPERATION

Pledge offers a 5-year warranty on structural components. Fabrics are covered by the manufacturers' guarantee.

These terms apply to Pledge seating used only in general office environments during normal working hours and subject to fair wear and tear. Terms for seating used 24/7 application are available on request.

Our full terms concerning warranties can be found in our Seating Price Guide under terms and conditions section 9.

SUSTAINABILITY

Every seating product has an impact on the environment throughout its life cycle, from extraction of the raw materials, production, to final disposal and recycling.

As a company Pledge are committed to reducing the environmental impact of all products produced and distributed from their Bedfordshire manufacturing facility, with the ultimate goal of contributing towards the creation of a sustainable society for future generations.

RECYCLING

Pledge Office Chairs work with 3B Recycling to improve recycling practices; developing a zero to landfill solution for all recyclable cardboard and plastic films generated on site.

This strengthened approach to waste handling has resulted in over 35.4 Tonnes of cardboard being diverted from landfill within the report period.

Pledge will continue to work with 3B Recycling in line with the UK Government's Resources and Waste Strategy for England, putting a strong focus on Corporate Social Responsibilities towards minimising waste, promoting resource efficiency, and moving towards a circular economy.
